ABYC Marine LPG System Leak Test
Test for system leakage each time the cylinder supply valve is opened for appliance use. Close all appliance valves. Open solenoid valve if installed. Open, then close cylinder supply valve. Observe pressure gauge at the regulating device and see that it remains constant for not less than three minutes before any appliance is used. If any leakage is evidenced by a pressure drop, check system with a leak detection fluid or detergent solution which does not contain ammonia and repair before operating system.

WARNING: Never use flame to check for leaks.

When in doubt, consult a certified LPG system installer or specialist to insure proper repair and installation.

PR-5414 Single-Stage Wall Mount Regulator. Connect the \( \frac{1}{4} \)” Male inverted flare to the regulator inlet. Connect the included 20” pigtail hose (PA-5426) to the propane cylinder by screwing Male POL into the tank’s Female POL receptacle. Use the 3/8” Male NPT x 3/8” Male Flare (PF-5431) to connect supply hose from the 3/8” Female NPT regulator outlet to the propane appliance.

NOTE: NPT threads require Teflon tape or thread sealants.

PR-5413 Single-Stage Tank Mount Regulator. The solid brass Male POL end of the regulator connects directly into the LPG cylinder, or the regulator can be connected to the LPG cylinder with the Xintex Remote Regulator Hose (PF-5437). Use the 3/8” Male NPT x 3/8” Male Flare (PF-5431) to connect supply hose from the 3/8” Female NPT regulator outlet to the propane appliance.

NOTE: NPT threads require Teflon tape or thread sealants.

PR-5412 Two-Stage Regulator. Connect the \( \frac{1}{4} \)” Male inverted flare to the regulator inlet. Connect 20” pigtail hose(s) (PA-5426) to the propane cylinder(s) by screwing Male POL into the tank’s Female POL receptacle. Use the 3/8” Male NPT x 3/8” Male Flare (PF-5431) to connect supply hose from the 3/8” Female NPT regulator outlet to the propane appliance. When used with two LPG cylinders, the PR-5412 automatically changes over to the full cylinder when the selected cylinder is empty. Both cylinder valves must be open for the regulator to automatically change over to the full cylinder. The selector switch dome will remain orange until the selector switch is pointed towards the full cylinder.

NOTE: NPT threads require Teflon tape or thread sealants.

PA-5429 Leak Test Adapter. The Male POL end connects to the LPG cylinder’s Female POL receptacle. The Female POL receptacle on the adapter accepts a pigtail hose or regulator without gauge. Use the Leak Test Adapter to adapt non-marine LPG systems to meet ABYC marine standards.

PF-5433 Low Pressure Gas Grill Connection Kit.
PH-5423 Low Pressure Gas Grill Connection Kit w/ 10' Hose.
Install the kit between the regulator outlet and the supply hose leading to the appliance. Up to two assembled supply hoses (one 10’ assembled supply hose is included with PH-5423) can be connected directly to the Kit. The 3/8” Female Swivel Flare fittings at the end of each supply hose connects directly to the two 3/8” Male Flare fittings of the connection kit. Turn the Red teardrop handle to the off position to stop the flow of propane to the appliance that is connected after the valve of the connection kit. Both PF-5433 and PH-5423 include four brass fittings to assist in connection if needed. Please note that these fittings may not be required for connection.

NOTE: NPT threads require Teflon tape or thread sealants.
PF-5434 High Pressure Gas Grill Connection Kit w/ 5’ Hose. Connect the Male POL end of the connection tee directly into the LPG cylinder’s Female POL receptacle. Connect the Male POL end of a Xintex pigtail hose or the Male POL end of the Xintex PR-5413 directly into the Female POL receptacle of the connection tee. The 1” 20 Female end of the 5’ hose (included) screws into the 1” 20 Male fitting of the connection tee. The 1” 20 Male with O-ring and check valve end of the hose screws into the appliance. The high pressure connection tee is to be used with high pressure gas grill conversion hoses only.

Specifications subject to change without notice.

ONE (1) YEAR LIMITED WARRANTY

This warranty is in lieu of all other expressed or implied Warranties

Seller warrants title, materials, and workmanship on Fireboy-Xintex equipment, and assigns the original manufacturer’s warranty on those components manufactured by others, as permitted. Seller’s warranty shall be for a period of one (1) year from the date of sale to the ORIGINAL CONSUMER. Fireboy-Xintex, Inc., does not assume the costs of removal and/or installation of the product or any other incidental costs which may arise as a result of any defect in materials or workmanship. Any non-conforming equipment returned to the Seller at Buyer’s expense and risk shall be repaired or replaced at Seller’s option, provided that: (a) the product has not been subjected to abuse, contamination, neglect, accident, incorrect wiring not our own, improper installation or servicing, or used in violation of the instructions furnished by Fireboy-Xintex, Inc.; (b) the product has not been repaired or altered by anyone other than Fireboy-Xintex Inc.; (c) the serial number has not been removed, defaced, or otherwise changed; (d) the product is determined to contain defective materials or workmanship; and (e) use of the product is discontinued upon discovery of defective materials or workmanship and Fireboy-Xintex Inc. is notified immediately.

ANY WARRANTY IMPLIED BY LAW, INCLUDING WARRANTIES OF MERCHANTABILITY OR FITNESS, IS IN EFFECT ONLY FOR THE DURATION OF THE EXPRESSED WARRANTIES SET FORTH ABOVE. NO PERSON IS AUTHORIZED TO GIVE ANY OTHER WARRANTY, OR TO ASSUME FOR FIREBOY-XINTEX, INC., ANY OTHER LIABILITY IN CONNECTION WITH THE SALE OF ITS PRODUCTS. FIREBOY-XINTEX, INC. SHALL NOT BE LIABLE FOR LOSS OF USE, REVENUE, PROFIT, INJURY, OR ANY OTHER CONSEQUENTIAL OR INCIDENTAL DAMAGES. BUYER IS NOT RELYING ON SELLER’S JUDGEMENT REGARDING BUYER’S PARTICULAR REQUIREMENTS, AND HAS HAD AN OPPORTUNITY TO INSPECT THE PRODUCT TO BUYER’S SATISFACTION.

This warranty gives you specific legal rights, and you may also have other rights that vary from state to state.
