Please refer to the diagram below to determine GA Link dimensions

**GA2LK-XX-XX-XX-4D**

**HFC-227ea**

Temperature Sensors should be located on the ceiling of the protected space, above potential fire hazards.

Temperature Sensors should be located on the ceiling of the protected space, above potential fire hazards.

Maximum Length not to exceed 40 FT

Temperature Sensors should be located on the ceiling of the protected space, above potential fire hazards.
